STATINTL

1. The cognizant technical personnel of this Center recommend that [] be allowed [] of the requested overrun of []. The recommended payment is to cover those costs incurred by [] up to and including the contract termination date of 1 May 1961.

STATINTL

STATINTL

STATINTL

2. The recommendation of the NPIC technical personnel to provide additional funding through 1 May 1961 is based on the opinion that the costs incurred through 1 May 1961 are allowable costs, subject to Agency audit, and that technical performance of [] was satisfactory. However, the technical personnel of NPIC had no knowledge of [] continuing work on this project beyond 1 May 1961, nor was it intended to grant [] such authorization. Consequently, it is felt that the Agency should not pay for costs incurred after the contract completion date.

3. If additional information is required, please contact Mr. []
